

Hey Nile, Just wanted to say thanks for all the hospitality that you and Jeff offered for us during this entire truck purchase. The guys love the truck and everybody who stops by keeps going on and on about the craftsmanship of the metal work. You guys are truly professional in your work and it shows. I will continue to market you guys everywhere I can. You guys build a one of a kind truck that obviously was built by someone with firefighting experience, which isn't found by the larger dealers. Keep up the good work! I assure you that map in your office will have little red pins all over the US in no time!

Thanks again, Danny Hill
