To Whom It May Concern,

Jeff Cook and War Wagon Racing has been working for Image Promotions, Ltd. on the Monster Nationals tour for 10 years. He interacts well with fans during pit parties and autograph sessions; he's on time and with equipment that's always in good shape.

Jeff seems to have a clear understanding of the big picture when it comes to the business of monster trucks. I feel very comfortable having War Wagon Racing represent my company and know he leaves a positive impression on monster truck fans all over the country.

Should you need pictures, video or other examples of Jeff Cook and the War Wagon in action please don't hesitate to call.

Sincerely,

George Eisenhart, President
Image Promotions, LTD.
